Diet and Cancer: What Cohort Studies Are Telling Us

Laurence N. Kolonel, MD, PhD
Cancer Incidence Rates* by Ethnicity in Hawaii, 1995-2000

BREAST (female)

* Age-adjusted to 2000 US Standard Population
Cancer Incidence Rates* by Ethnicity in Hawaii, 1995-2000

STOMACH (male)

* Age-adjusted to 2000 US Population
Cancer Incidence Rates* by Ethnicity in Hawaii, 1995-2000

COLORECTUM (male)

* Age-adjusted to 2000 US Standard Population
Ethnic Variations in Breast Cancer Risk in the Multiethnic Cohort

Adjusted for Age Only

(Pike et al. CEBP, 2002)
Ethnic Variations in Breast Cancer Risk in the Multiethnic Cohort

Adjusted for Age Only

Adjusted for Age + 7 Other Risk Factors

(Pike et al. CEBP, 2002)
Ethnic Variations in Endometrial Cancer Risk in the Multiethnic Cohort

Adjusted for Age Only

Relative risk

White
African Amer.
Latino
Japanese
Hawaiian

(Setiawan et al. 2006)
Ethnic Variations in Endometrial Cancer Risk in the Multiethnic Cohort

Adjusted for Age Only

Adjusted for Age + 10 Other Risk Factors

Relative risk

White
African Amer.
Latino
Japanese
Hawaiian

(Setiawan et al. 2006)
